10c. Taffeta Silk Seam Binding.....5c.
10c. bundles of Tape for.....25c.

SPORTS IN GENERAL

Fitzsimmons Willing to Fight Jeffries in San Francisco.

BIG MONEY FOR THE SCRAP

Base Ball Muddle May Be Straightened Out This Week.

AFTER CYCLING STARS

If the latest reports in New York boxing circles are to be believed, the lovers of the fist game who care to take a trip to San Francisco will have the opportunity of seeing James J. Jeffries and Robert Fitzsimmons battle a second time for the world's championship. The meeting of these two ring giants will be made possible by the sidetracking of Tom Sharkey, the sailor-puncher, who was matched to meet the champion inside of two months' time and the persistent efforts of "Big Jim" Kennedy, the matchmaker and manager of the Yosemite Athletic Club of San Francisco.

It is said that Kennedy has offered Fitzsimmons terms that suited the lanky boxer and that he is willing to sign articles as soon as the champion states his willingness to put his name to a like document. Just what these terms are has not been made public, but it is rumored that the offer of \$7,500, win or lose, was increased to \$10,000, and that this is the bait which won the assent of the Cornishman. Kennedy stated yesterday in New York that Jeffries was willing to sign articles under the terms offered to Fitz and that all that remains now is to get the men together and arrange the details of the battle.

Jeffries is expected to arrive in New York this evening, and as soon as possible Kennedy will call on him and make arrangements for a meeting. As Kennedy was authorized by both Jeffries and Bill Delaney, his manager, to make a match with Fitzsimmons, there is no doubt that Jeffries will agree to all that Kennedy has done.

As it seems to be universally conceded that San Francisco is the only point where a championship battle can be pulled off, the men will undoubtedly fight in that city before the Yosemite Athletic Club. Bill Delaney said before leaving for the west: "Anybody that tries to dodge 'Frisco ain't on the level. We all know we can fight there and say the least there would be a great deal of uncertainty about pulling off a big fight in any other city in the country."

Yesterday Fitzsimmons and Kennedy discussed all the phases of a match, but refused to give out the information as to the purse, guarantee or anything else. It thought that the Yosemite Club is willing to guarantee Fitzsimmons a round sum in addition to his expenses in case the match is made. It was stated a week ago that Fitz had an offer of \$7,000 and expenses under consideration and would probably accept.

BASE BALL MUDDLE.

National League Puzzle May Be Solved This Week.

This week may bring forth some startling climaxes in the base ball situation, and it is just possible that the courts may hand down opinions upon important questions. With the close approach of spring and with the club managers looking over suitable places to take their men for preliminary practice, the incentive will be strong for the warring magnates to get together and plan some means for peace and conciliation. It is more than likely that Andrew Freedman may instruct his lawyers to serve the much-looked-for papers on the opposition, and the Philadelphia supreme court may hand down its decision in the famous Lajoie case.

Col. John I. Rogers would no doubt feel highly elated should he get word that after his bitter fight that he had carried his point, and that the Philadelphia supreme court would no doubt make the Philadelphia magnate feel good indeed.

Should the courts decide against Spalding's election, Rogers says that there would be nothing else to do but for the four clubs' officials to get together and make a new arrangement. He says that apart from this the Boston magnates might see the error of their way and fall in line with the Philadelphia club, which would make things decidedly interesting.

TO HOLD ON TO KEELER.

Manager Eline Wants Crack Riders for the Local Coliseum.

Mr. J. Frank Eline, the bicycling promoter, who controls the Coliseum in this city and Baltimore, has gone to New York to attend the meeting of the track owners who meet there at the evening in New York of the National Cycling Association's regular meeting, which begins tomorrow.

Mr. Eline said yesterday in Baltimore in speaking of the plans of the track owners: "We are going to get together more firmly than ever for the purpose of protecting not only our interests, but those of the public. We will make an arrangement whereby the riders will be forced to live up to their agreements and not to deliberately disappoint the public. We are also going to stop the 'stars' from demanding such extravagant prices that they endanger the business of the promoters, and thus tend to suddenly and the sport at some of the tracks."

Another thing we want to do is to adopt a scheme by means of which we can prevent one or two tracks from monopolizing 'stars' to such an extent that the 'stars' popularity is depressed at those particular tracks, and at the same time the other tracks are denied an opportunity to use him as a drawing card. We are confident that an amicable understanding can be reached whereby these things will be accomplished, and the tracks all over the country can be induced to work in harmony."

CHAMPIONSHIP SKATING.

Americans Capture All Events Against Canadians.

Americans scored heavily over the Canadians in the final of the championship skating races between Canada and the United States at Verona, Lake, near Montreal, N. J., Saturday afternoon. The competition, which began Friday, was concluded by skating off the final of the half-mile and mile events, which had been run in heats on the previous day, while the three-mile and ten-mile races were the additional attractions. Peter Slinrud and Morris Wood divided the honors, the former winning the half-mile and ten-mile events, while Wood captured the one and three-mile contests.

The Canadians got three thirds, but only one second, A. E. Pike of Montreal getting the first place in the half-mile event. The race was in poor condition for skating. Summary: Half mile--Final heat won by Peter Slinrud, Verona; A. E. Pike, Montreal, second; G. Bellemore, St. Portage, third. Time, 1:25 3/4.

One mile--Final heat won by Morris Wood, Verona; P. Slinrud, New York; A. C. second; G. Bellemore, St. Portage, third. Time, 3:07 1/4.

FAST INDOOR BASE BALL.

Y. M. C. A. Defeated Baltimoreans by Only One Run.

One of the most interesting games of indoor base ball has ever been played before in the national capital was played before the Y. M. C. A.'s gymnasium Saturday evening between the locals and the visiting team of Baltimore. The visiting team had not lost a game this season in the city league of Baltimore. It will go down in the annals of indoor base ball history as the closest, fastest and best-played game of the season, and resulted in favor of the Y. M. C. A., 6 to 5. The balcony was crowded and the fair se was well represented. A delegation of Baltimore enthusiasts numbering over 100 came over to see the contest.

The home team was the first at the bat, and for the first three things neither side could land a score. In the fourth, however, the locals touched up Cuddy for three safe hits, which settled the game. The Vorwarts took their turn at the bat in their half of the fourth and succeeded in landing a tally.

Goose eggs were chalked up against both teams in the fifth, but in the sixth each managed to score one run.

In the proverbial lucky seventh the association leveled the score by heavy work on the bases and at the bat sent two scores across the plate. During the eighth inning the scoring was on an even basis, each team having one run accredited to it.

The ninth inning was the most exciting of all, as the visitors scored two runs, and they had been climbing up so steadily in the game that it only needed one run to tie. It looked pretty blue for the home team in this inning, and after two had been sent out the visitors got a man on the bases, but before he could score the next batsman was retired by a quick play from Lindsay to Green.

Cuddy, who was crippled by a recent illness, pitched a superb game, holding the home team down to fifteen hits, the least that it has made this season. He had two strikeouts to his credit and only allowed one free pass to first. Spears made four of the Vorwarts fan the air in vain hopes of getting the sphere safely, and he allowed two to reach base.

These Two Special Overcoat Offerings

Are Without a Parallel

Our Overcoat offerings prior to this sale were great--but at no time could they compare with those we offer you now. Because those embraced in this movement represent the flower of our stock, the highest-class garments manufactured; garments superior to those shown anywhere else in Washington. We have divided them into two lots:

Lot No. 1--Embraces Overcoats that sold as high as \$25, yours now at.....\$14.50

Lot No. 2--Embraces Overcoats that sold as high as \$40, yours now at.....\$22.50

They are not back numbers nor out-of-date styles, but the season's newest and choicest creations, most of which are silk-lined throughout. You can appreciate the greatness of the bargains--when you consider the fact that our values at original prices have your commendation as superior to any shown elsewhere.

Bargains here stand on a dignified plane--which means real economy on meritorious goods against questionable values. Saturday's selling was great, also today's thus far. Tomorrow's should be even greater--so we advise coming as early as possible if you've any thought of sharing in this remarkable overcoat offering.
